### **Region of Waterloo Arts Fund awards 31 grants in the Spring 2021 round**

Waterloo Region -- The Region of Waterloo Arts Fund is awarding 31 grants, totaling \$191,255, in response to dynamic proposals submitted by a wide range of artists and arts organizations. The Spring 2021 round received 86 applications seeking a total of \$588,745 in grants funding.

The Arts Fund, a not-for-profit corporation served by a volunteer Board of Directors, is one of the few granting bodies in Canada that awards grants directly to artist-led projects. The mandate of the Arts Fund is to contribute to the creative vitality in our community by providing meaningful grants and other advocacy support to local individual artists and to arts and culture organizations.

Regional Council generously allocates the equivalent of 67 cents per capita to the Arts Fund for granting purposes, so that residents and visitors alike may benefit from the vibrancy of the local arts and culture sectors. Often, these supported projects are also able to attract additional funds through earned revenue, grants from provincial, federal or private sources, sponsorships, and in-kind donations. Since its establishment in 2002, the Region of Waterloo Arts Fund has supported 854 projects, for a total community investment of \$4,682,792.

The Arts Fund welcomes grant applications in all arts disciplines, from individual artists and arts organizations based in the cities of Cambridge, Kitchener, and Waterloo and in the townships of North Dumfries, Wellesley, Wilmot, and Woolwich. Applicants may apply in the spring or fall of each year for projects that will occur within the following 12 months.

The grants awarded in the Spring 2021 round are listed below. The information listed within brackets indicates the project location; in some cases there are multiple locations and this is noted as "Region of Waterloo".

#### **Organizations and Collectives:**
